*HD-A2 MSRP \$399.99. \$100 instant rebate offer good on purchases now through June 9, 2007 at participating retailers only. HD DVD with high-definition content required for HD viewing. Viewing high-definition content and upconverting DVD content may require an HDCP capable DVI or HDMI input on your display device. MP3/WMA audio files not supported. Some current DVDs and CDs may not be compatible. HDMI audio support for PCM only. Because HD DVD is a new format that makes use of new technologies, certain disc, digital connection and other compatibility and/or performance issues are possible. This may, in rare cases, include disc freezing while accessing certain disc features or functions, or certain parts of the disc not playing back or operating as fully intended. If you experience such issues, please refer to the FAQ sections of www.toshibahddvd.com or www.tacp.toshiba.com for information on possible work-around solutions or the availability of firmware updates that may resolve your problem, or contact Toshiba Customer Solutions. Some features subject to delayed availability. While Toshiba has made every effort at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are all subject to change without notice. © 2007 Toshiba America Consumer Products, L.L.C.
